

JUN-PING CHEN (陈军平)

Ph.D. Candidate (Expected Graduation: 2027)
School of Physics and Astronomy, Sun Yat-sen University
Tel: +86-134-3192-0737
Email: chenjp79@mail2.sysu.edu.cn; chenjp3@icloud.com
Research Interests: Gamma-Ray Bursts (GRBs), Tidal
Disruption Events (TDEs), Compact Binaries

RESEARCH INTERESTS

My research interests focus on the progenitors, physical mechanisms, and observational properties of high-energy transient phenomena, including gamma-ray bursts (GRBs), fast X-ray transients, and tidal disruption events (TDEs). By combining theoretical modeling, multi-wavelength data analysis, and hydrodynamic simulations, I study the dynamical evolution and radiation processes of transient sources to interpret their observational signatures and explore their underlying physical origins.

Since October 2025, I have been serving as an observation duty assistant for the Einstein Probe (EP) mission. Since November 2024, I have been an affiliated scientist of the SVOM (Space-based multi-band astronomical Variable Object Monitor) scientific team.

EDUCATION

Ph.D. in Astrophysics <i>Advisor: Rong-Feng Shen</i> Sun Yat-sen University	Sep. 2023 – Jun. 2027 (Expected) Guangdong, China
M.Sc. in Theoretical Physics <i>Advisor: Ting-Feng Yi</i> Yunnan normal University	Sep. 2020 – Jun. 2023 Yunnan, China
B.Sc. in Physics Hubei University of Science and Technology	Sep. 2016 – Jun. 2020 Hubei, China

HONORS AND AWARDS

2nd Prize Graduate Scholarship , School of Physics and Astronomy, Sun Yat-sen University	Sep. 2024
"Cai Xia Zhan Chi" Scholarship , School of Physics and Astronomy, Sun Yat-sen University	Mar. 2025
1st Prize , 2nd Graduate Academic Forum, School of Physics and Astronomy, Sun Yat-sen University	May 2025
1st Prize , 2nd Graduate Academic Forum of School of Science, Sun Yat-sen University	Jun. 2025
2nd Place , 3rd "Wutian Cup" Football Tournament, School of Physics and Astronomy, Sun Yat-sen University	Jun. 2025
1st Prize Graduate Scholarship , School of Physics and Astronomy, Sun Yat-sen University	Sep. 2025
1st Place , 2000 m Dragon Boat Race, Zhuhai Campus, Sun Yat-sen University	Nov. 2025
2nd Place , Men's 200 m Dragon Boat Race, Zhuhai Campus, Sun Yat-sen University	Nov. 2025
3rd Place , Mixed 200 m Dragon Boat Race, Zhuhai Campus, Sun Yat-sen University	Nov. 2025

National Scholarship for Graduate Students , Ministry of Education of China	Dec. 2025
1st Place , Men's 200 m Dragon Boat Race, 18th Dragon Boat Festival of Sun Yat-sen University	Apr. 2026
4th Place , Men's 700 m Dragon Boat Race, Guangdong–Hong Kong–Macao Greater Bay Area (Zhongshan) Dragon Boat Invitational Competition	Jun. 2026

CONFERENCE PRESENTATIONS

Insight-HXMT for Six Years and Beyond Conference Host: Insight-HXMT Collaboration Venue: Zhuhai, China	Jan. 2024 Participant
3rd Nanjing GRB Conference Host: Nanjing University Venue: Suzhou, China	May 2024 Contributed talk
1st Graduate Academic Forum, School of Physics and Astronomy, Sun Yat-sen University Host: School of Physics and Astronomy, Sun Yat-sen University Venue: Guangzhou, China	May 2024 Poster presentation
Einstein Probe (EP) Science Workshop 2024 Host: Einstein Probe Collaboration Venue: Suzhou, China	May 2024 Participant
3rd Graduate Astronomy Forum, School of Physics and Astronomy, Sun Yat-sen University Host: School of Physics and Astronomy, Sun Yat-sen University Venue: Zhuhai, China	Nov. 2024 Contributed talk
2nd Graduate Academic Forum, School of Physics and Astronomy, Sun Yat-sen University Host: School of Physics and Astronomy, Sun Yat-sen University Venue: Zhuhai, China	May 2025 Contributed talk
2nd Graduate Academic Festival and Research Achievement Presentation, School of Science, Sun Yat-sen University Host: Graduate School, Sun Yat-sen University Venue: Guangzhou, China	Jun. 2025 Contributed talk
3rd Astronomy Big Data Workshop: X-ray Astronomy in the Era of the Einstein Probe Satellite Host: Einstein Probe Collaboration Venue: Kunming, China	Aug. 2025 Participant
3rd Shen Kuo Academic Symposium of the Chinese Astronomical Society Host: Chinese Astronomical Society Venue: Zhuhai, China	Jan. 2026 Contributed talk

SKILLS

Programming: Python, Fortran, MATLAB, Linux Shell, Ubuntu
Data Analysis: HEASoft, XSPEC, Astropy, NumPy, Matplotlib, emcee, Origin
Numerical Simulation: Smoothed Particle Hydrodynamics (SPH), Phantom

VOLUNTEER EXPERIENCE

Environmental Public Welfare Activity "Greening with Small Actions" Volunteer	Mar. 2024
Centennial Anniversary Celebration of Sun Yat-sen University Volunteer	Nov. 2024
Air Force-themed Military Music Concert "The Party's Glory Shines on the Blue Sky" Volunteer	Nov. 2024
Public Welfare Activity "Tracing the Century-old Campus" Volunteer	Nov. 2024
Science Popularization Volunteer at the CSST Exhibition Hall Volunteer	Nov. 2024 – Mar. 2025
Dragon Boat Race of Sun Yat-sen University Volunteer	Apr. 2025
Class Psychological Representative, Sun Yat-sen University Student Service	Sep. 2024 – Now
